

Sport Funding Report

School Overview

At Nanaksar Primary School, we recognise the contribution of PE to the health and well-being of our pupils. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our pupils.

What is Primary School Sport Funding? (PSSF)

The Government is providing funding of £150 million per annum to provide substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children.

Primary School Sports Funding for 2020-21 is enabling us to continue and extend our provision by employing additional sports coaches, entering into more competitive sports competitions, providing swimming lessons and training our staff to deliver high quality PE and Games sessions.

See the link below for the Department of Education link to the Primary School's Sports Funding page:

<https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

Purpose of the funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses of the funding could include hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE, running sport competitions, or increasing participation in the school games.

Key Indicators

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. There are 5 key indicators that schools should expect to see improvement across:

Key Indicator 1: The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.

Key Indicator 2: The profile of PE and sport is raised across the school as a tool for whole-school improvement

Key Indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport

Key Indicator 4: Broader experience of a range of sports and activities offered to all pupils

Key Indicator 5: Increased participation in competitive sport

Funding Allocation & Expenditure for 2020-2021 – Expenditure to Date
