Pupil Premium

What is pupil premium?

The pupil premium is a new government initiative that targets extra money at pupils from deprived backgrounds. Research shows that pupils from deprived backgrounds underachieve compared to their non-deprived peers. The premium is provided to enable these pupils to be supported to reach their potential. The Government has used pupils entitled to free school meals (FSM), looked after children and service children as indicators of deprivation, and have provided a fixed amount of money for schools per pupil based on the number of pupils registered for FSM over a rolling six year period. This fixed amount of money is expected to increase every year for the course of this current Parliament. At Nanaksar Primary School we will be using the indicator of those eligible for FSM as well as identified vulnerable groups as our target children to 'close the gap' regarding attainment.

What is our approach at Nanaksar Primary School?

At Nanaksar primary School we have high aspirations for our pupils and believe that no child should be left behind. We are determined to ensure that all our pupils are provided with every opportunity to realise their full potential, regardless of where they come from. Money for Pupil Premium Pupils has been ring-fenced to ensure that this money is spent to maximum effect and is used to benefit pupils.
